Due to continued sustainable growth we're looking to recruit new lawyers to join our Litigation team which is one of the largest and most successful of its kind in the region and is recognised as a leader in Commercial Litigation, Property Litigation, Construction and Insolvency.

With an enviable national client base keeping us busy with varied and interesting workloads, we are regularly involved in many high profile cases, many of which have gone to the higher courts including the Supreme Court.

The prospects for career development are second to none and we offer an excellent salary and benefits package commensurate with the level of experience on offer.

Commercial and Property Litigation Lawyers

Permanent (full & part-time)

Experience & background:

Multiple vacancies for lawyers with circa 0-2 and 3+ years PQE. Ideal experience will include commercial litigation or property/property litigation.

Tenacious, hardworking, experienced: all essential traits for any lawyer. But unlike many other law firms, we also look for something else in our people.

We look for genuine individuals with a natural, effortless way with others and a knack for growing lasting relationships. Our clients may come to us for our reputation, but it's our people who win them over.
